SIGN

MODULE AND ACCESSORY HOLDER BAR WITH LIGHTING

04.2023

SIGN

Black anodised aluminium bar with double built-in LED light at the top and bottom.

The lower light has double the intensity of the upper light for best lighting of the worktop.

The power cable exits the left side of the bar and measures 3 metres in length.

If you want the exit to be on the other side or at any other point, by inserting the cable inside the bar, assess the need to purchase the extension code 31108313.

The absorption of the double LED bar is 31 W/m.

The transformer is not included and should be selected from among those available in the Meccano system as a possible on/off component.

A series of accessories and open-fronted small cabinets can be built into the profile.
