## STRUCTURES

### Infills and Filler Strips

The front sizes available are: 3, 5, 7, 9, 11 and 13 cm (the shape is plain).  
For versions with decoration (**F7** and **F8**) the 3 cm front is **without decoration**.

**Elements with glass shelves:** 6 mm thick, 8 mm thick for 120 cm elements

### Maximum capacity of shelves, of wall units and of cabinets:

**shelf:** the maximum load permitted is **35 kg** of weight distributed evenly;  
**wall unit:** maximum capacity of **80 kg**;  
maximum capacity of **50 kg** with integrated hood;  
**units:** (resting on the ground on 4 feet) maximum capacity of **250 kg** including the weight of the unit;  
**drawers and baskets:** runners calibrated for a high dynamic load (**40 kg**).

All closing systems (hinges, arms, runners for pull-out baskets) are equipped with a special mechanism for slow closing.

All **drawers and baskets** are fitted with Blumotion closing system.

### Maximum capacity of dish-rack open-fronted wall unit:

**35 kg** of weight distributed evenly

**N.B.:** Wall mounting is required to ensure stability of base units with drawers or independent pull-out baskets. Order the 'Wall fastening pack' code 31105560 to avoid the risk of them tipping up with the pull-out options open. In island compositions, order the 'Floor installation pack' code 31106479.  
The above codes are included in the price list entitled 'Elements for all models' in the section entitled 'Accessories for All Models - Composition matching furn.'
