Tutto ha inizio da una sedia in legno con la seduta impagliata, la Marocca. È il 1923 e Antonio Calligaris fonda a Manzano, in Italia, un'azienda destinata a diventare un marchio conosciuto in tutto il mondo. Di generazione in generazione, Calligaris si trasforma in un'industria moderna e internazionale. Oggi che ha superato il secolo di vita, continua a raccontare con i suoi prodotti una storia di innovazione, saper fare e design italiano.

It all starts with a wooden chair featuring a woven seat, the Marocca. It is 1923, and Antonio Calligaris founds a company in Manzano, Italy, destined to become a globally recognized brand. From generation to generation, Calligaris evolves into a modern and international industry. Today, after a century of existence, it continues to tell a story of innovation, know-how, and Italian design through its products.

Calligaris, dal 1923 /Since 1923

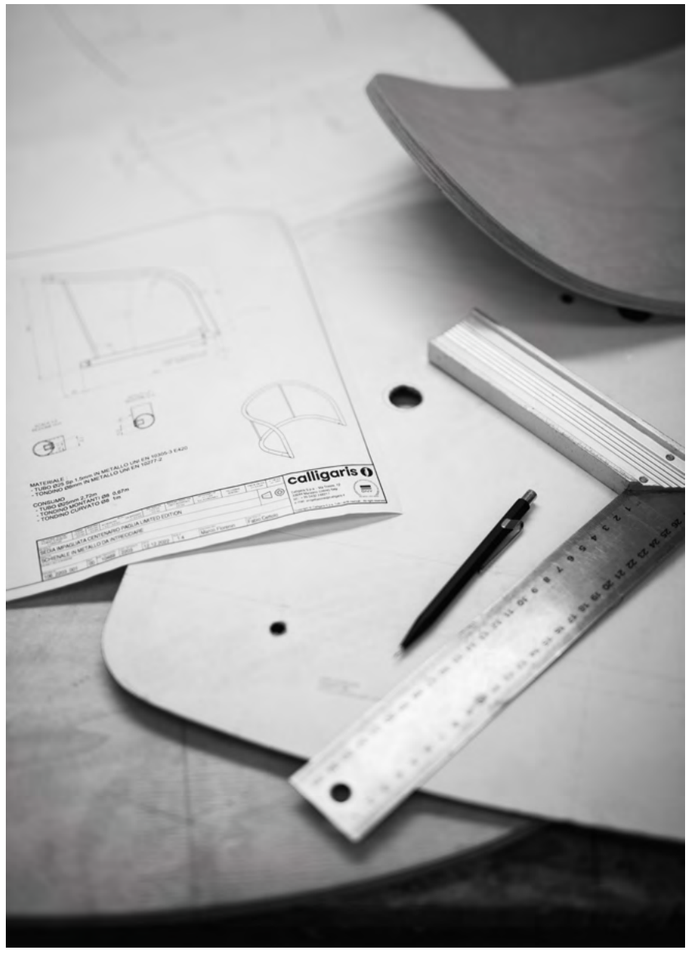

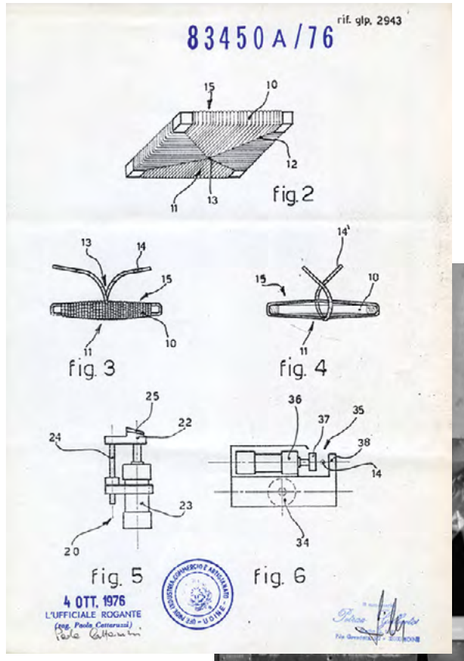

Calligaris è testimone di un secolo di saper fare. Dalla tradizione artigianale delle origini alla meccanizzazione degli anni Settanta, fino alla consolidata forza industriale di cui gode oggi, l'azienda ha sempre interpretato la produzione di arredamento come un progetto capace di coniugare estetica e funzionalità, passato e presente, eccellenza e qualità.

Calligaris is witness to a century of know-how. From the artisanal tradition of its origins, to the mechanization of the 1970s, to the consolidated industrial strength it enjoys today, the company has always interpreted furniture production as a project that combines look and functionality, past and present, excellence and quality.

La capacità di abbracciare il cambiamento è la caratteristica più duratura del marchio Calligaris, e l'ingegno il pilastro su cui si basa la sua spinta all'innovazione. Punta di diamante sono i meccanismi di allunga dei tavoli. Semplici, eppure estremamente ingegnosi, i meccanismi sono la migliore dimostrazione dell'attitudine di Calligaris a offrire soluzioni innovative per la vita di tutti i giorni.

The ability to embrace change is the most enduring characteristic of the Calligaris brand, and ingenuity is the pillar that supports its drive for innovation. A highlight of this are the extension mechanisms of its tables. Simple yet extremely ingenious, these mechanisms are the best demonstration of Calligaris' aptitude for offering innovative solutions for everyday life.

Il design è l'essenza di Calligaris, che può vantare nel corso degli anni numerose collaborazioni con designer di talento. Nell'interpretare i prodotti dell'azienda i designer hanno innestato le loro idee su un nucleo solido, che ha da sempre come obiettivo quello di offrire risposte per la vita reale. Sedie, tavoli, mobili, divani e letti diventano così espressione dell'incontro perfetto tra creatività e funzionalità, oltre che del design italiano.

Design is the essence of Calligaris, which has proudly collaborated with many talented designers over the years. By interpreting the company's products, the designers have infused their ideas into a solid core, which has always had the goal of offering solutions for real life. Chairs, tables, furniture, sofas, and beds thus become expressions of the perfect blend of creativity and functionality, as well as Italian design.

Nel tavolo Abrey, le gambe in legno massello di frassino a sezione arrotondata del basamento uniscono grazia e robustezza. Ampia la scelta dei piani tra cui scegliere, di diverse misure, forme e materiali, per adattare la funzionalità e l'estetica del tavolo alle proprie esigenze. Abrey si completa con le sedie della stessa collezione.

In the Abrey table, the solid ash wood legs with a rounded section of the base combine grace and robustness. There is a wide choice available of tops of various sizes, shapes, and materials, to adapt the functionality and look of the table to your needs. Abrey is complemented by the chairs from the same collection.

Apian Plus

Apian Plus rappresenta un'eccellenza tra i tavoli Calligaris. Si distingue dal tavolo Apian, con cui pure condivide la caratteristica doppia lamiera curvata che fa da basamento e il meccanismo di allunga brevettato, per il piano dallo spessore maggiorato in cui è incassato il top.

Apian Plus represents excellence among Calligaris tables. It stands out from the Apian table, with which it shares the characteristic double curved sheet that serves as a base and the patented extension mechanism, for the thicker compartment where the top is housed.

MAGIC X-TENSION CERAMIC

Apian è un tavolo dall'aspetto maestoso, eppure leggero. Il sottile piano in ceramica poggia su una doppia lamiera, curvata e inclinata, che ne costituisce la base. L'accoppiamento di due lastre di metallo di colori diversi crea un particolare effetto bicolor, che nella versione nera dà vita a un gioco di luci e ombre, in quella bianca a una suggestione grafica.

Apian is a table with a majestic yet lightweight appearance. The thin ceramic top rests on a double metal sheet, curved and inclined, which forms the base. The pairing of two metal sheets of different colours creates a unique two-tone effect, which in the black version creates a play of lights and shadows, and in the white version, a charming design.

MAGIC X-TENSION

CERAMIC

Linee geometriche ma accoglienti per Atlante, tavolo rotondo a base fissa dotato di una pratica allunga a libro, che permette di aggiungere agilmente due posti in più. Il basamento in metallo e il top in ceramica opaca donano contemporaneità e dinamicità a un design dal gusto molto classico.

Geometric yet welcoming lines for Atlante, a round table with a fixed base equipped with a handy book-style extension, which allows you to easily add two more seats. The metal base and the matt ceramic top give modernity and dynamism to a design with a very traditional taste.

Il tavolo Balance è caratterizzato da una silhouette tanto semplice quanto iconica. Il piano rotondo è sostenuto da un fusto a colonna in metallo verniciato che, a sua volta, si appoggia a una base bombata. L'effetto è quello di una doppia sfera che fa sembrare il tavolo sospeso, in equilibrio tra solidità e leggerezza.

The Balance table is characterized by a silhouette that is as simple as it is iconic. The round top is supported by a painted metal column, which in turn rests on a convex base. The effect is that of a double sphere that makes the table appear suspended, balancing between solidity and lightness.

EASY X-TENSION CERAMIC

Il design di Breeze è inconfondibile. Merito del basamento in lamiera sagomata, dove due elementi dalle forme organiche si incrociano come in un'opera d'arte o in un'illusione ottica, evocando il simbolo dell'infinito. Tavolo fisso con piano in vetro ricotto o ceramica, Breeze è una presenza sofisticata nella sala da pranzo contemporanea.

Breeze's design is unmistakable. Credit goes to the shaped metal sheet base, where two elements with organic shapes intersect like in a work of art or an optical illusion, evoking the infinity symbol. A fixed table with top in tempered glass or ceramic, Breeze is a sophisticated presence in the contemporary dining room.

CERAMIC

TEMPERED

Tra i tavoli più amati di Calligaris, Cameo unisce funzionalità ed estetica. La combinazione tra piano ovale, anche allungabile, e colonna centrale assicura il massimo comfort di seduta. L'ovale ritorna in tutti gli elementi, che si caratterizzano anche per i sofisticati abbinamenti tra materiali diversi, fra i quali spicca la finitura cannettata per la colonna.

Among Calligaris' most beloved tables, Cameo unites functionality and appearance. The combination of an oval top, also extendable, and a central column ensures maximum seating comfort. The oval shape is reflected in all elements, which are also characterized by sophisticated combinations of different materials, like the ribbed finish for the column.

EASY X-TENSION CERAMIC

L’originale struttura portante in legno o metallo verniciato definisce l’identità di Cartesio, un tavolo che con i suoi elementi a V che si incrociano a formare la base rende omaggio alla bellezza della geometria. Incisivo e moderno, Cartesio si personalizza sia nelle finiture sia nella forma e dimensione del piano.

The original supporting structure in wood or painted metal defines the identity of Cartesio, a table that with its V-shaped elements intersecting to form the base pays homage to the beauty of geometry. Incisive and modern, Cartesio can be customized both with the finishes and the shape and size of the top.

Kent è un tavolo fisso che richiama il design degli anni Sessanta e Settanta. Il basamento in legno, dalle linee scattanti e dinamiche, sostiene un sottile piano in vetro, tondo o rettangolare. Un abbinamento che esalta l'essenzialità di un tavolo che non impone la sua presenza, ma al contrario alleggerisce la zona dining.

Kent is a fixed table that recalls the design of the sixties and seventies. The wooden base, with sharp and dynamic lines, supports a thin glass top, round or rectangular. A combination that enhances the minimalism of a table that does not impose its presence and lightens the dining area.

Nel tavolo Tokyo convivono in perfetta armonia un basamento robusto in legno massello e un piano leggero, in vetro trasparente o ceramica. Nella versione rettangolare, le gambe incrociate e il giunto centrale conferiscono al basamento il caratteristico profilo a X, ripreso anche nella versione tonda, più compatta.

In the Tokyo table, a robust solid wood base coexists in perfect harmony with a lightweight top, in transparent glass or ceramic. In the rectangular version, the crossed legs and the central joint give the base the characteristic X-shaped profile, also found in the round version, which is more compact.

Twins è un tavolo di grande impatto visivo. Merito del basamento, realizzato con due elementi di lamiera curvata e sagomata, che come due ali fanno spiccare visivamente il volo al piano. Numerose le finiture disponibili, che consentono di interpretare il tavolo in modo più classico o più moderno.

Twins is a table with a great visual impact thanks to its base, made up of two curved and moulded sheet elements that, like two wings, make the top take flight visually. There are many finishes available, allowing you to interpret the table in a classic or modern way.

Vortex è un tavolo rotondo caratterizzato da un fusto centrale in tondino metallico che con il suo andamento elicoidale richiama il movimento dinamico di un vortice d'aria. Una struttura che rimane visibile dall'alto nella versione con piano in vetro, mentre si lascia apprezzare lateralmente nella versione con piano in ceramica.

Vortex is a round table characterized by a central base made of metal rod, which, with its helical shape, recalls the dynamic motion of an air vortex. A structure that remains visible from above in the version with glass top, while it can be appreciated from the side in the version with ceramic top.

CERAMIC TEMPERED

Il tavolo Yoroi è ispirato alle antiche armature dei samurai. Il basamento centrale, con scanalature verticali e inserti in legno, assume una forte presenza scenica, che contrasta con la semplicità del piano ovale. Per queste caratteristiche e per le finiture selezionate, Yoroi esprime il perfetto equilibrio tra storicità e spirito contemporaneo.

The Yoroi table is inspired by the ancient armour of the samurai. The central base, with vertical grooves and wooden inserts, has a strong presence, contrasting the simplicity of the oval top. Because of these characteristics and the selected finishes, Yoroi expresses the perfect balance between historicity and contemporary spirit.

Biblio	290
Madame	294
Dakota	300

Nella scrivania Biblio, l'angolo home office incontra l'atmosfera domestica. Piano in legno e pannelli separatori in cuoio rigenerato ne fanno un complemento sofisticato, mentre i dettagli come il cassetto sotto-piano e il foro passacavi guardano alla funzionalità degli spazi professionali.

In Biblio desk, home office corner meets domestic atmosphere. The wooden top and divider panels in regenerated leather make it a sophisticated complement, while details such as the under-top drawer and the cable hole focus on the functionality of professional spaces.

Madame è un complemento versatile da interpretare sia come scrivania nell'angolo home office, sia come vanity in camera da letto. L'esile struttura in metallo sostiene un piano dalla morbida linea ovale, richiamata anche dal cassetto sotto-piano. La duplice natura di Madame è sottolineata anche dall'accessorio specchio.

Madame is a versatile complement to interpret both as a desk in the home office corner and as a vanity in the bedroom. The slender metal frame supports a top with a soft oval line, also reflected in the under-top drawer. Madame's dual nature is also emphasized by the mirror accessory.

Dakota è un tavolino molto versatile. Allungabile e regolabile in altezza, risponde all'esigenza di gestire al meglio lo spazio anche negli ambienti più ridotti: in pochi gesti si trasforma in un tavolo da pranzo capace di accogliere fino a otto ospiti. Un prodotto storico che dimostra l'attitudine di Calligaris a offrire soluzioni innovative per la vita di tutti i giorni.

Dakota is a very versatile coffee table. Extendable and adjustable in height, it meets the need to better manage space even in small environments: in a few movements, it turns into a dining table capable of accommodating up to eight guests. A historic product that demonstrates Calligaris' attitude to offer innovative solutions for everyday life.
