"CUSTOM-SIZED" ELEMENTS

FOR NON-STANDARD SIZES, APPLY A 40% SURCHARGE TO THE LARGER SIZE STANDARD ELEMENT, WITH THE EXCEPTION OF BASE UNITS WITH CURVED DOORS AND DECORATIVE ELEMENTS ON WHICH NON-STANDARD SIZES ARE NOT FEASIBLE.

In the event of contract orders (i.e. relating to contracts entered into with architects, construction firms, for real estate furnishings and/or other similar circumstances) with significant repetition of non-standard processing, Scavolini is willing to grant more favourable conditions depending on possible economies of scale that can be achieved.
